STEP 1: BUILD YOUR BACKDROP

Transform your wall into a jaw-dropping school-spirit showstopper!

TINSEL FRINGE CURTAINS

Hang floor-to-ceiling metallic fringe curtains in your school colors. Layer two colors side by side for maximum impact — this is the #1 backdrop move.

BALLOON ARCH

An organic balloon garland in your school colors cascading from the top corner is THE signature send-off look. Use a balloon strip kit for easy setup.

FOIL LETTER BALLOONS

Spell out your school abbreviation or "ACCEPTED!" with large silver or gold foil letter balloons. These make the most iconic photo backdrop.

MARQUEE LETTERS

Light-up marquee letters spelling your school name on a shelf add a warm, glowing effect that looks incredible in photos and videos.

Where to shop: Dollar Tree and Party City for fringe curtains. Amazon for balloon garland kits. Etsy for custom foil letter balloons in your exact school colors.

STEP 2: STYLE YOUR BED SETUP

Pile it high — the more merch on the bed, the better the photos!

Your bed is the centerpiece of the whole setup — so dress it up to the max! The goal is to make it look **completely overflowing** with school spirit. Layer blankets, pillows, clothing, and accessories until there's barely any white space left.

CUSTOM SCHOOL BLANKET

A large woven blanket in your school colors is the foundation. Lay it across the bed as the base layer — it instantly makes everything look polished.

THROW PILLOWS

Stack multiple school-logo pillows in different sizes. Mix embroidered, printed, and plain colored pillows for a layered, editorial look.

MASCOT STUFFED ANIMALS

Your school's mascot plushie is a must! Tuck it in among the pillows for a cute, recognizable touch that everyone loves in photos.

PENNANTS & CONFETTI

Scatter mini pennant flags and metallic confetti across the bed. They fill gaps, add color, and photograph beautifully with everything else.

STEP 3: GATHER YOUR SCHOOL MERCH

Stack every piece of school clothing you can find — the more the merrier!

Clothing is what makes a college send-off look truly over-the-top. The viral setups you see on TikTok have 10-15+ pieces of clothing folded and stacked across the bed. Start collecting now — even before you have everything, layer what you have!

CREWNECKS & HOODIES

Stack 3-5 different school crewnecks and hoodies in varying colors. Fold them neatly and display them across the bed for that full, abundant look.

MATCHING SETS

A school-colored matching shorts and sweatshirt set is trending right now. Wear one for your photos and display the others on the bed.

VARSITY JACKET

A school varsity or letterman jacket is a showstopper piece. Lay it open across the bed or drape it over a chair for maximum visual impact.

ACCESSORIES

Add hats, socks, lanyards, and phone cases in school colors. Scatter them throughout the display to fill every inch with school spirit.

STEP 4: ADD DECOR & ACCESSORIES

The finishing touches that make your setup totally Pinterest-worthy!

Accessories are what take a good setup to a **great** one. Think custom tumblers, beaded bracelets in your school colors, shadow boxes with your acceptance letter, and fun photo props. These items double as keepsakes you'll treasure forever!

CUSTOM TUMBLERS

A personalized tumbler or Stanley cup in your school colors is both a stunning prop and a practical gift. Search Etsy for custom engraved options.

BEADED BRACELETS

School-colored beaded bracelets are a huge trend right now! Stack them on your wrist for photos or scatter them across the display.

SHADOW BOX

A custom shadow box with your acceptance letter, school colors, and memorabilia makes a stunning centerpiece and a keepsake for years to come.

PHOTO PROPS

Grab fun props like oversized sunglasses in school colors, "Class of 20XX" signs, or custom letter boards to personalize your photos.

STEP 5: SET UP YOUR FOOD SPREAD

School-colored snacks and sweet treats are the cherry on top!

The food spread is everyone's favorite part — and it photographs **amazingly**! Match your school's colors as closely as possible. Below are our top picks for each food category:
